

KEY HIGHLIGHTS

A Well-Formed Mind

Resource person: Dr. Shashi Tharoor | Author, parliamentarian and former United Nations diplomat | Curated from TEDx Talks

A Well-Formed Mind | Key Reforms and Challenges | policy

- 01 00:11 — India's young population makes higher education capacity a national question.
- 02 03:06 — Expansion addresses the number of learners who can enter higher education.
- 03 03:53 — Equity asks which groups remain excluded or unable to continue.
- 04 04:32 — Excellence and, from 05:21, employability extend the framework from access to quality and useful capability.
- 05 08:23 — Enrolment ratios and attrition expose the learners lost before and during higher education.
- 06 10:23 — Research and innovation require investment as well as habits of original thought.
- 07 12:09 — A well-formed mind connects knowledge, asks productive questions and responds to unfamiliar problems.
