01	Yes. Clear expectations can be paired with specific feedback, opportunities to improve and confidence in students' capacity to learn.
02	It can make struggle discussable and show that improvement is a process rather than proof of effortless genius.
03	Explain the standard, identify what needs attention and provide a route for the student to act on it.
04	Student comments can reveal classroom practices that discourage questions, even when the teacher intended to be demanding and fair.
05	A student who previously stayed silent begins asking a genuine question without expecting ridicule.
