

KEY HIGHLIGHTS

Universal Design for Learning (UDL) Principles

Resource person: CAST | Education research and development nonprofit that created the UDL framework | Curated from CAST

Universal Design for Learning (UDL) Principles | Inclusive Teaching Practices | dei

01

UDL plans for learner variability from the start.

02

Engagement addresses purpose, choice and sustained effort.

03

Representation addresses access to and understanding of information.

04

Action and expression address practice, communication and demonstration of learning.

05

Flexible routes still share explicit goals and standards.

06

CAST Guidelines 3.0 are the current implementation reference.
